CCCSD Board Report July 2019

- All monthly sampling and compliance were completed for June. All DMR's have been submitted to CDPHE. There are no violations or exceedances to report.
- We continue to work with Adam Sommers to optimize Aluminum Sulfate dose for metals removal.
- Finished installation of auto samplers
- Sludge was hauled from old aeration basin.
- Dried sludge was removed from around drying beds.
- Drying beds were cleaned.

Thank You
